GRATEFUL—COMFORTING.
EPPS'S COCOA
BREAKFAST.

By a thorough knowledge of the natural laws which
govern the operation of digestion and nutrition, and by
a careful application of the fine properties of well-
selected cocoa, Mr. Epps has prepared his breakfast
cocoa, which is a delicately flavored beverage which may
be used in any form of diet that a constitution
may be gradually built up until strong enough to resist
every tendency to disease. Hundreds of subtle ma-
ladies are floating around us, ready to attack wherever
there is a weak point. We may escape many a fatal
illness by keeping ourselves well fortified with pure blood
and a properly nourished frame.—Civil Service Gazette.
Made simply with boiling water or milk. Sold only in
half-pint tins by grocers, labeled "Epps's Cocoa."
